Ms. SERIES.

G.O. No. Ms. 2175

Dated 5th June 1945.

[Despatch Abstract.]

Livestock - Opening of a sheep farm in Bellary district -
proposals of the Director of Veterinary Services - Sanctioned.

Extract of Item VI of the agenda of the Board meeting held on 6.6.44 forwarded by the D.V.S. with his letter no 6837 IV/11-2 of 17.4.44. (vide no 18108 B/111). Cn 36290 B/22.6.44

Salem. (5).—Three have died and two continue in the scheme.

South Arcot. (5).—Four died and one continues in the scheme.

Trichinopoly. (10).—Eight died and two continue in the scheme.

Coimbatore. (24).—Seventeen have died and seven continue in the scheme.

Nilgiris. (6).—Two died and four continue in the scheme.

General remarks.—The scheme as a whole is appreciated very much by the ryots. The young bull scheme, because of its four-year period before ownership is declared, is not so popular as the adult bull scheme. Many of the bulls after being transferred to the custodians are taken into the Premium Scheme.

IV. A brief report on the one-day cattle shows held during 1943-44.—(1) The Government sanctioned an allotment of Rs. 3,000 towards 'One Day' Cattle Shows to be held in 1943-44 in the various breeding tracts and the following number was prescribed for each district :—

District.	Number of shows.	District.	Number of shows.
Coimbatore West	3	Guntur	2
Coimbatore, East	3	Nellore	2
Madura	2	Vizagapatam	1
Salem	2	Tinnevely	1
Kistna	3	Trichinopoly	1
		Total	20

(2) Shows were held at the following places during the year :—

(a) Coimbatore, West	Kottur, Karatturmadam and Annu
(b) Coimbatore, East	Gobichettipalayam, Anthiyur and Modakurichi.
(c) Madura	Oddanchatram and Theni.
(d) Salem	Mecheri and Hosur.
(e) Kistna	Bommulur, Manikonda and Gudlavalluru.
(f) Guntur	Tungutoor and Govada.
(g) Nellore	Rapur and Gudur.
(h) Vizagapatam	Parvatipur.
(i) Tinnevely	Tenkasi.
(j) Trichinopoly	Gudalur in Karur taluk.

Each show was allotted a Government grant of Rs. 150 for organization and award of prizes. Leading ryots, wealthy zamindars and other breeders of cattle came forward with liberal donations towards the conduct of these shows. In the Erode circle of Coimbatore district the ryots themselves organized independent One Day Private Cattle Shows at Perundurai and Appachimarmadam and the Departmental Officers rendered all assistance to them.

(3) Good quality animals were exhibited at these shows and the number of entries varied from 63 to 286 and this may be considered satisfactory for a beginning. The enthusiasm shown by ryots was remarkable and the educative value of such shows cannot be over emphasised.

(4) In view of the popularity of these shows, the Director of Veterinary Services, Madras, has proposed to increase the number of shows to be held this year from 20 to 40. The proposal is under consideration.

V. (a) A report on the working of the Pony Breeding Scheme in the Coimbatore and the Nilgiri districts.—In the report placed before the Provincial Livestock Improvement Board at its ninth meeting held on 6th August 1943, on the progress made in the working of the Pony Breeding Scheme sanctioned for the Coimbatore and the Nilgiri districts, details about the stallions purchased, the prices paid and the places where they were stationed, etc., were furnished for the information of the Board. The number of services performed by each of these stallions up to 31st March 1944 is now given below :—

Particulars of the stallion.	Number of services performed.
1 The stallion stationed at the Veterinary Hospital, Coimbatore	51
2 Do. Pollachi	45
3 Do. Erode	36
4 Do. Gobichettipalayam	33
5 Do. Tiruppur	48
6 Do. Ootacamund—The Nilgiri district	12

There appears to be a good demand for the stallions in all the abovementioned places except Ootacamund, where the stallion has performed only 12 services. It is proposed to allow the stallion at Ootacamund to remain on for some more time before transferring it elsewhere.

The scheme is reported to be popular in the Coimbatore district.

(b) Proposals for the extension of the Pony Breeding Scheme to Kistna district.—The Board at its last meeting, while approving the areas proposed by the Director of Veterinary Services for the extension of the Pony Breeding scheme, suggested that the possibility of extending the scheme with advantage to the Kistna district should also be examined. The Director of Veterinary Services, Madras, has accordingly examined the question and considers that a stallion may be stationed at the Government Veterinary Hospital, Bezwada, in the Kistna district. It is reported that although there are about 800 jutka ponies of which about 300 are females and about 100 Arab Kathiawar cross-bred ponies in Bezwada town and the surrounding villages, there are no suitable stallions in the town for breeding purposes. The stationing of a Government stallion at Bezwada, will, therefore, serve a very useful need.

Statements showing the expenditure, both recurring and non-recurring and the receipts on account of the scheme are given below.

If the Board approves the proposal, the Director of Veterinary Services, Madras, will arrange for the purchase and stationing of the stallion during the course of the current year, viz., 1944-45.

Expenditure statement in connexion with the scheme for Pony Breeding in Kistna district.

VI. (1) *Proposals for the opening of a sheep farm in the Ceded districts.*—At its last meeting, the Board approved the suggestion of the Director of Veterinary Services, Madras, to start a Sheep Farm in the Ceded districts and wanted detailed proposals to be submitted. The following scheme for the starting of Sheep Farm in the Ceded districts has been submitted by the Director of Veterinary Services, Madras, for discussion.

(2) *Site.*—The site selected is within the limits of village No. 27, Kurikuppi in the Hospet taluk of the Bellary district. It is in the very heart of a vast sheep breeding tract and the name of the village itself means 'a flock of sheep.' Conditions necessary for successful sheep farming exist in the area and the site is considered suitable for the purpose. The site adjoins the Tornagallu Military Grass Farm and a railway station and is between two 'Vankas' or rivulets, viz., Halogowdër vanka and Nare vanka.

(3) *Water supply.*—At the northern end of the site is a big lake called 'Daroji tank' the biggest tank in the district in which water is said to be more or less perennial. In addition, there are a number of wells in the site selected and there is, therefore, no danger of a water scarcity.

(4) *Soil.*—The soil is light sandy loam and a certain amount of garden cultivation is now done by the ryots.

(5) *Rainfall.*—As per records available at the Military Grass Farm, the rainfall in normal years is about 20 inches but may be as low as ten inches in years of drought and famine.

(6) *Grazing and fodder available.*—Fine grass lands can be established in the area and even if these should fail in years of famine and drought, there is a Government reserve forest in the north and north-west of the site, where babool trees are in abundance and sheep thrive very well on the pods of these trees. In fact these trees provide fodder for about four months during the dry season. Parts of the reserve forest are included in the farm site.

(7) *Extent of the site.*—The total area selected is 409.85 acres composed of the following:—

(a) Government Forest Area	ACS.
(b) Government assessed waste and vanka waste	8.71
(c) Patta or private land to be acquired	366.28
Total	409.85

The cost of the land in this area varies from Rs. 50 to Rs. 300 per acre. An average price of Rs. 200 per acre may be taken as an approximate estimate.

(8) *Wild animals.*—There is no fear of wild animals in the area.

(9) *The site plan*, with survey numbers is enclosed. A list of field numbers with the area of each field is also enclosed.

(10) *The estimate.*—The estimate provides for two flocks of sheep, Bellary and Bikanir.

(11) *General remarks.*—The whole area marked in the sketch map is necessary for the farm. It is about 400 acres and setting apart about 100 acres for buildings, roads, etc., it works up to three-fifths of an acre per sheep which is not considered too much.

Estimate for a sheep breeding farm at Kurikuppi.

Non-recurring—

1 Cost of land—367 acres at Rs. 200 per acre	Rs.	Rs.
2 Cost of livestock—		75,400
300 Bellary ewes at Rs. 20 each	6,000	
200 Bikanir ewes at Rs. 40 each	8,000	
9 Bellary rams at Rs. 25 each	225	
6 Bikanir rams at Rs. 50 each	300	
3 Buildings—		14,525
Quarters for the Veterinary Assistant Surgeon	6,000	
Do. Stockman-compounder	2,000	
Do. Peon	1,500	
Office and dispensary room	4,000	
Store room for food materials, deadstock, etc.	2,000	
Six sheds (one for rams, one for segregation, one for lambs and three for housing lambed and in lamb ewes) at Rs. 1,500 each	9,000	
One dipping tank and four water troughs	1,000	
Repairs to wells	500	
Fencing round the area with babool thorns	500	
Two pairs of bullocks for cultivation purposes	1,000	
Two carts for carting manure, etc.	1,000	
One platform weighing machine for weighing sheep	1,000	
Purchase of dead-stock such as two shearing machines, hand shears, buckets, baskets, ropes, feed troughs, ploughs, etc.	575	
Office furniture	500	

Total capital cost .. 1,18,500

Recurring charges per year—

1 Pay of one Veterinary Assistant Surgeon on Rs. 75—150 (average Rs. 116-2/3)	1,400
Dearness allowance at Rs. 13 per mensem	156
2 Pay of Stockman-compounder on Rs. 28—40 (34)	408
Dearness allowance at Rs. 10	120
3 Pay of one peon at Rs. 12—17 (14-8-0)	174
Dearness allowance at Rs. 10	120
4 Pay of six shepherds at Rs. 12 each per mensem	864
5 Pay of two ploughmen, Agricultural coolies at Rs. 15 each	360
6 Dearness allowance for (items 4 and 5) 8 at Rs. 10	960
7 Feeding charges—only during mating and lambing seasons (three months) at Rs. 2 per ewe.	3,000

Not printed.

B

A stockman-compounder is necessary to help the Veterinary Assistant Surgeon in dosing 500 sheep periodically for worms, clipping, dipping, feeding lambs, attending on sick sheep and maintaining accounts, etc. He will also be in charge when the Veterinary Assistant Surgeon happens to be either on leave or absent from headquarters on duty.

Receipts.

Out of 500 ewes, allowing a margin for non-conception, sterility, abortion, etc., there will be 400 lambs. Allowing 25 per cent mortality, there will be 300 lambs at the end of one year. Of these 150 may be rams and 150 ewes. Therefore—

	RS.	A.	P.
Value of 300 lambs at Rs. 10 each	3,000	0	0
Value of about 650 lb. of wool at 4 annas a lb. at the end of the first year.	162	8	0
			1
Total ..	3,162	8	0

From second year onwards about 150 rams and about 100 ewes may be sold at an average price of Rs. 12 each, thus fetching about Rs. 3,000 in addition to receipts from wool which will be on the increase year by year due to increased stock.

Usually during the months of July, August, September there are less milking animals. Hence during these days there is possibility for the prices of butter and ghee to go high. At present due to the above reasons and the high prices of other articles the prices of butter and ghee have gone high. But the price of milk and curd in the villages had not gone up much higher.

From the last week of September, we will have more milking animals and hence there will be reduction in the price of butter. We will have ample milk and by-products in the rural areas.

Only now it may be opportune to look to the welfare of the young stock in the Urban areas while encouraging the import of milk and by-products to the Urban areas from the rural areas. It will be an asset both for the improvement of dairying and livestock.

The slaughter-house inspectors (proposed to be posted) may well be instructed to look to the welfare of young stock in the Urban areas, i.e., looking to the average weight and general condition of the calf and that it does not go below the average and if there is any contravention to the above, they may be given all powers to take necessary coercive action against the offenders. It may also be enforced that they should obtain necessary certificates from a qualified Veterinary Surgeon in all the cases wherein the calves suffer from natural diseases or die a natural death.

Remarks of the Director of Veterinary Services, Madras.—The note stresses the well-known facts that the best milch cows find their way to the Urban areas and the rearing of the progeny of many of these cows is neglected resulting in a high mortality among the calves and those that live are very often stunted in growth, the reason being that the professional milkman is not interested in the welfare of the calves; his whole concern is to make as much profit as possible from the sale of the milk. Further, the comparatively low yield of the Indian cow does not allow much surplus milk for the calf if the milkman is to make a living by the sale of milk for human consumption. Lack of pasture areas and rearing facilities in towns are also responsible for the under-development of the calves.

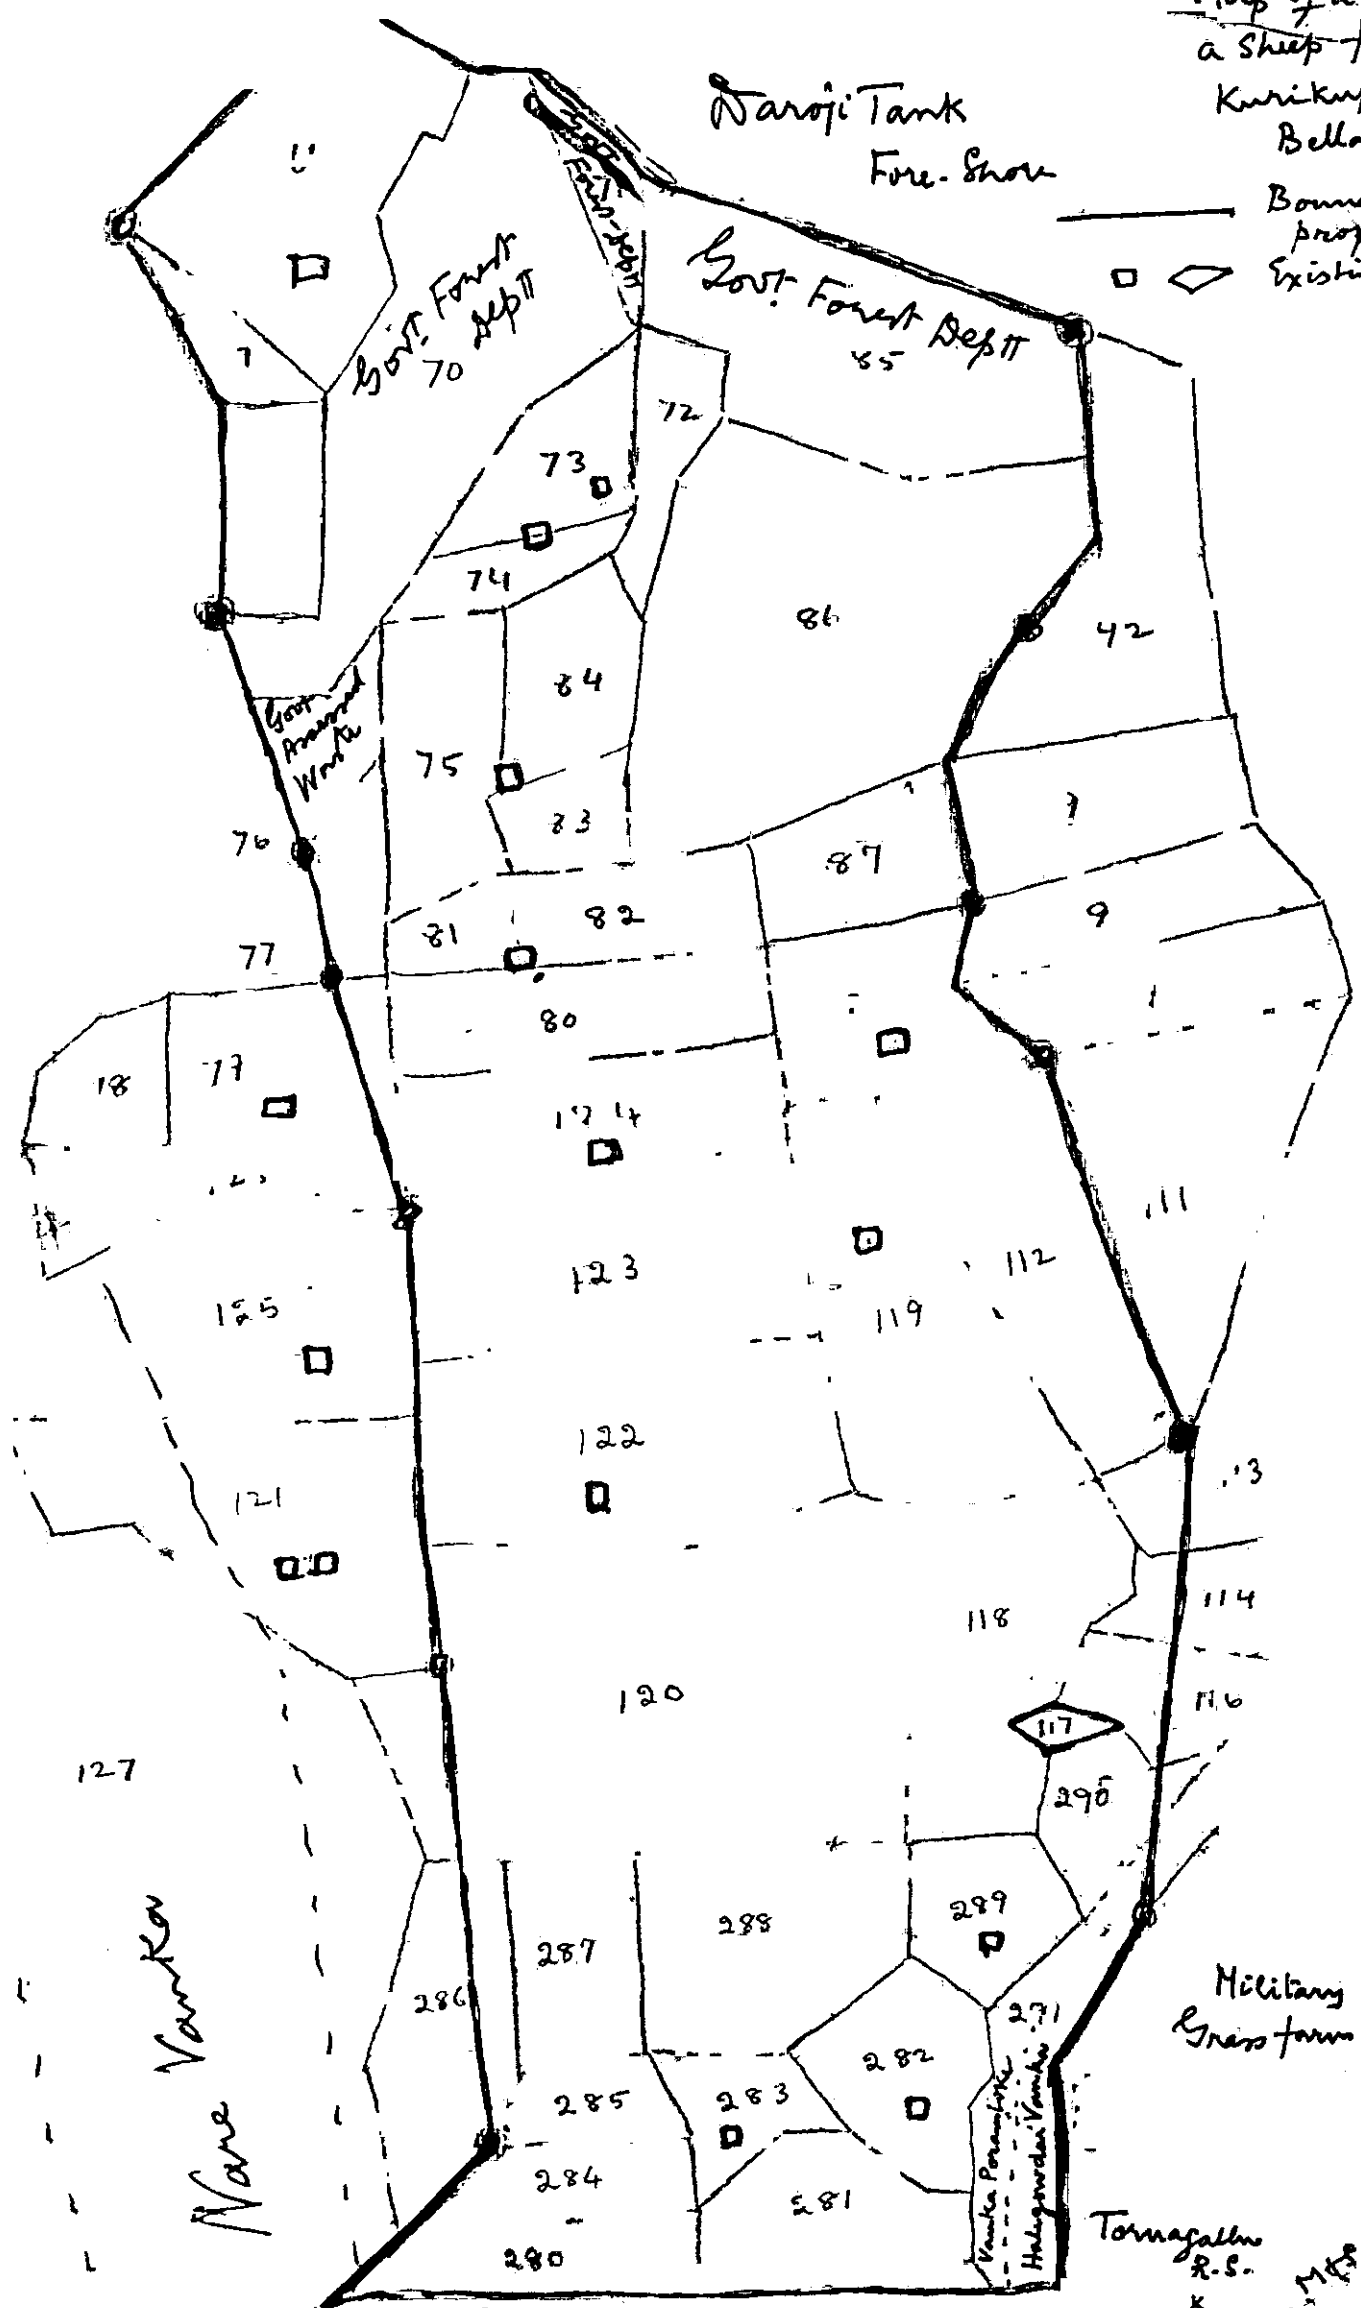

It is not clear what is meant by "In the rural areas there is a practice of leaving certain quantity of butter-milk to the milking animals themselves after removing all the butter available. Much is to be done to prohibit this."

A copy of the scheme prepared by the D.V.S. for opening a sheep farm at Kuri Kuppi Village, Hosper Taluk, Bellary District is forwarded to the Board of Revenue. The scheme has been approved by the P.L.S. Board. Out of an extent of 409.85 acres of land selected by the D.V.S. for the site of the proposed farm, 8.71 acres consist of Govt assessed waste and vanua waste; as noted in the margin. The Board of Revenue is requested to state whether this extent is included in any soldiers' colony under contemplation by the Board or whether it is already earmarked for any purpose.

Ref. - Government Memorandum No. 36290-B/44-5, dated 21st July 1944.

para 1, p10 above
The estimates for the buildings provided in the scheme have been drawn up by the Livestock Development officer on a rough calculation and not in consultation with the Public Works Department. As desired by Government, I am now addressing the Public Works Department to furnish rough estimates for all the items proposed, and I shall report the result to Government in due course.

11-12, 11-12 above
2. The cost of the land proposed for the farm was based on local enquiry by the Livestock Development officer.. When the question of acquisition is being taken up, a reasonable price will be fixed and paid by the Revenue Department. As regards leasing the land, if this is done, it should be for a very long period, which may not be economical to Government. Further, if the land is leased, buildings of a permanent nature cannot be erected. Hence it is ~~preferred~~ preferable to acquire the land.

(10/10/44)

I have no objection to the suggestions contained in para 3 of the Government Memorandum quoted above.

Enclosure.

Copy of letter No.3011-M, dated 9-11-44 from the Executive Engineer Bellary Division, Bellary.

--
Sub.- Livestock- Opening of a sheep farm in the Ceded Districts.

The plan sent by you is herewith returned. Please see a separate tracing plan enclosed herewith showing portions near the road. I prefer to locate the buildings in R.S.No.284, 285 and 287. The office and dispensary will be located in R.S.No.284 which is close to the road.

The area was inspected by me and I consider it quite fit for the purpose to which it is intended. It is a patch of deep red soil area with good drinking water available at a reasonable depth. The trial pit results indicate that the soil is quite suitable for the building construction. The vanka on the western side causes erosion along its bank i.e. the western boundary of the Farm and this needs proper training. The M.F.L. of the vanka will have to be examined before settling the basement levels of the proposed buildings.

The approximate estimate for buildings, based on plinth area basis, works out to about Rs.38,000/-. The plinth areas are worked out on the information furnished by your Veterinary Asst.Surgeon in charge and on the designs of the buildings now existing at Bellary. These will have to be re-examined with type designs after the preliminary proposals are approved by the Government.

There are certain type designs for quarters for the Veterinary Asst. Surgeon, menials, etc., but your Assistant Surgeon wants greater accommodation. This will have to be decided by you. For the present, the Veterinary buildings at Bellary are taken into consideration for arriving at the estimated value.

DEVELOPMENT DEPARTMENT

Enclosures: Roc. No. 3564-IV/43-12. dated 22nd December, 1944.

Sir,
Sub.- Livestock- opening of a sheep farm in Ceded Districts- Scheme.
Ref.- Government Memorandum No. 36290-B/44-11, dated 22nd December 1944.

p. 13 above
p. 21 above

After the scheme for the opening of a sheep breeding farm in the Ceded Districts is sanctioned by Government, it will take some time to complete the arrangements for the opening of the farm. It will, therefore, be sufficient if the forest land referred to in the Chief Conservator's letter enclosed to the Government Memorandum quoted above, is made available when the scheme is actually due to begin. This, in any case, will not be before the 1st May 1945.

I have the honour to be, Sir,
Your most obedient servant,

J. J. Hurley 23/12
Director of Veterinary Services,
Madras.

Enclosures : Roc. No. 3564-IV/43. dated 25th January 1945.

Sir,

Sub. Livestock- Opening of a Sheep Farm in Ceded Districts- Scheme.

Ref. - Government Memorandum No. 36290. L.I/44 dated 28-12-1944.

With reference to para 1 of the Government Memorandum mentioned above, I have the honour to state that, even if the scheme is sanctioned at once, it would not be possible to purchase the land within the close of the official year. Moreover, there would also not be sufficient time for the construction of buildings and purchase of livestock. No funds are therefore necessary for the current year either under non-recurring or recurring items. The entire amounts of Rs. 118,500/- under non-recurring and Rs. 8,800/- under recurring may however be provided in the Budget Estimate for 1945-46.

2. - As regards para 2 of the above Memorandum, I have no objection to the suggestion.

I have the honour to be, Sir,
Your most obedient servant,

A. H. 1281
Director of Veterinary Services,
Madras.

Enclosure.

Copy of letter Roc.No.5830/43 dated 4th February 1945 from the
Livestock Development Officer, Hosur Cattle Farm P.O. to the Director
of Veterinary Services, Madras.

Sub.-Sheep- farm at Kurikuppi- Bellary District.

Ref.- Your Roc.No.3564-13-IV/43 dated 11-1-45.

In continuation of this office Roc.No.5830-43 dated 20-1-45 I
beg to state that on local detailed enquiry, it is found:-

- (1) That the area under reference is owned by nearly 25 different persons,
- (2) That they are not willing to lease it out,
- (3) That if they are forced to lease it out, they expect Rs.20/- to Rs.100/- per acre per year according to the value of the land,
- (4) That they are not willing to lease their lands for more than 2 or 3 years.

2. From the above. it will therefore be clear, ----

- (1) That all the 25 owners may not agree to lease out their lands with the result that 'Pockets' of non-leased lands in the midst of leased lands will be created, with attendant troubles,
- (2) That the lease amount demanded is high and that with the lease amount of 4 or 5 years, we can purchase the land itself, as the cost of the land per acre varies from Rs.75/- to Rs.500/- in this locality, and

(3)

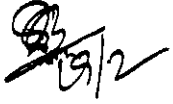

32/

(3) that there may be trouble for renewal of the lease, every 2 or 3 years and our continuity of work will suffer either through non-renewal of lease or even through change of ownership.

M

3. I submit therefore it is not cheaper to lease out the lands as a long range policy. Improvements of a permanent nature such as wells, irrigation channels, fencing, etc. cannot be put up. This is going to be a model sheep farm, the first of its kind under the Government of Madras, it is therefore necessary to put it on a permanent basis. Further it is very difficult to get such a suitable land in Ceded Districts and this should not be allowed to slip by.

The D.V.S. has submitted proposals for opening a sheep farm at Kurikuppi village in ^{the} Hospat taluk of Bellary district, in ^{which the neighbourhood surrounding which is} the heart of a vast sheep breeding tract. The Bikanir breed of sheep is a woolly ~~type~~ type which it is desirable to introduce in the sheep rearing districts of this Province; but experiments in the past have shown that Bikanir rams introduced into local flocks soon die off. They ~~do a little better~~ ^{Show some improvement} if they are bred locally instead of being brought from Bikanir. It is considered that a suitable hybrid which will ~~do~~ ^{show} ~~greater improvement~~ ^{even better} and will withstand the local conditions while retaining and transmitting the woolly characteristics ^{of the Bikanir breed} can be evolved. The proposed sheep farm at Kurikuppi village ~~will~~ ^{is to} serve as an experimental farm ^{for evolving} ~~where~~ this hybrid ~~can be evolved~~. It will also serve as a store farm for unwanted sheep, which can be sold off to the ryots. The proposals were approved by the Provincial Live-Stock Improvement Board, Mysor.

2. The scheme involves the acquisition of about 367 acres of patta or private lands, purchase of an adequate number of Bikanir and Bellary ewes and rams and work bullocks, construction of buildings, employment of the necessary staff for running the farm, the purchase of necessary equipment etc. The cost of the scheme is estimated at Rs. 1,29,996/- non-recurring, and Rs. 8,782/- recurring per annum as indicated below:--

Director of Veterinary Services,
Triplicane, Madras, 4th April 1945.

My dear Sivasankar,

B'orp 20
CE 7 (M)
In connection with our telephone conversation to-day regarding the Sheep breeding scheme in the Bellary District, please refer to item 7 of the minutes of the Eleventh meeting of the Provincial Livestock Improvement Board held on 10th January 1944, wherein it has been stated that two separate flocks of Bikanir and Bellary ewes are to be maintained

The object of the scheme is to maintain two flocks, - one flock consisting of 300 Bellary ewes and 9 Bellary rams, and the other flock consisting of 200 Bikanir ewes and 6 Bikanir rams.

A These flocks will be kept separately, (no inter-breeding) and the pure-bred rams from each flock will be sold for breeding purposes in the surrounding districts.

The progeny of the Bikanir flock should be able to stand up to local conditions better than the imported rams and superior Bellary rams will be made available as a result of selective breeding.

Yours sincerely,

A. H. S. / 4/4

Draft Memorandum.

The D.V.S. has submitted proposals for opening a sheep farm at Kurikuppi Village in the Hospet Taluk of Bellary District, in the neighbourhood surrounding which is a large sheep breeding tract. The object of the Scheme is to maintain two flocks. One flock consisting of 300 Bellary ewes and 9 Bellary rams and the other flock consisting of 200 Bikanir ewes and 6 Bikanir rams. These flocks will be kept separately without inter-breeding, and the pure-bred rams from each flock will be sold for breeding purposes in the surrounding districts. Experience has shown that ^{casualties} among imported Bikanir rams are heavy. The progeny of the Bikanir flock obtained from the farm will be able to stand up to local conditions better than the imported Bikanir rams. Superior Bellary rams will also be made available from the farm, as a result of selective breeding. The proposals were approved by the Provincial Livestock Improvement Board, Madras.

2. The scheme involves the acquisition of about

367 acres of patta or private lands, purchase of ^{the necessary} an adequate number of Bikanir and Bellary ewes and rams and work bullocks, construction of buildings, employment of the necessary staff for running the farm, purchase of necessary equipment etc. The cost of the scheme is estimated at Rs.1,29,996/- non-recurring, and Rs.8,782/- recurring per annum as indicated below:--

Dated 5th June 1945

Read the following:

From the Director of Veterinary Services No. 687-IV/44-2 dated 17th April 1944.

From the Chief Conservator of Forests No. 5219-44-01 dated 23.7.44

From the Board of Revenue (LR) Rent No. 3926 dated 24.6.1944.

From the Director of Veterinary Services No. 3554-IV/43 dated 1.9.1944.

From -do -do No. 3554-IV/44-11 dated 21.11.1944.

From -do -do -do -do -do -12 dated 16.2.1945.

Order:

The Government approve the proposal of the Director of Veterinary Services to open a sheep farm within the limits of Marikuppil village in Rooyet taluk of the Bellary district. The total area of the site selected for the purpose measures 409.85 acres and it consists of:

(a) Government Forest Area	34.86 acres
(b) Government assessed waste and Vanka waste	8.71 ..
(c) Parts of private land to be acquired	366.28 ..
Total	409.85 ..

2. Sanction is accorded to the appointment, temporarily for a period of one year from the date of appointment of the following staff in connection with the scheme:

One Veterinary Assistant Surgeon on Rs. 75-150 per mensem.
One stockman-ploughman on Rs. 30.40 per mensem.
One peon on Rs. 12-17 per mensem.
Six shepherds.
Ten ploughmen.

The pay of the shepherds and ploughmen should be fixed with reference to the prevailing market rates and in accordance with the instructions issued in Finance Department Memorandum No. 21805-N.II-1 dated 3rd May 1945.

Sanction is also accorded to the expenditure detailed in the annexure to this Order.

The expenditure will be debited to "41.f. Veterinary Breeding operations - C. Livestock Improvement", under a separate sub head of appropriation "Sheep Farm in Bellary District". The receipts from the scheme will be credited to "XXII.b. Veterinary Other receipts - Livestock Section receipts".

3. The Director of Veterinary Services is requested to submit a supplementary statement of expenditure in due course for the authorisation of His Excellency. The Accountant General is requested to admit the expenditure in audit pending the provision of funds.

4. The Chief Conservator of Forests is requested to make available for the scheme the Forest land measuring 34.86 acres as early as possible, after the removal of the firewood is over. The Director of Veterinary Services is requested to take steps for the acquisition of the private land required for the farm. He is also requested to submit a detailed report

on the working of the scheme in due course.

5. Separate orders will be passed in the Public Works Department regarding the buildings required for the farm.

(By order of His Excellency the Governor.)

P. Divanahar,
Secretary to Government.

To

The Director of Veterinary Services.
The Board of Revenue (L.R.)
The Chief Conservator of Forests.
The Public Works Department (with estimates and plans and relevant extracts)
The Accountant General through Finance Department.

Luisstoc - opening of a sheep farm in the
Ceded District - proposal.

Extract on pp
1-3 of

Extract on

For the D.V.S. No. 687 (V) on 28.12.44.

Minutes of the P.L.S. Board meeting held on 6.6.44.

Extract of the minutes of the P.L.S. Board meeting

held on 6.6.44:-

VI. Proposals for the opening of a sheep farm in the Ceded Districts.

The Board approved the scheme.

The D.V.S. has submitted a scheme for opening
a sheep farm in the at Kuri Kuppi village in Hospet
Taluk of Bellary District. The details of the scheme

are on pp 1-3 of. The cost of the scheme is estimated
124796/- (including land)

at Rs 18500 non-recurring, and Rs 8788 recurring
per annum.

The receipts from the scheme are estimated

at Rs 3162-8-0 per annum initially and this is ex-

pected to increase year by year on account of the increase
in the production of wool. The total area

selected for the site of the farm is 409.85 acres

of which, 34.86 acres is Govt Forest Area, 8.71 acres

Govt assessed waste and Vannu waste and the re-

maining 366.28 acres patta or private land to be

acquired. The P.L.S. Board approved the scheme at its meeting
held on 6.6.44.

As the scheme is intended to improve the stock
of sheep in the Province it is for orders whether the

proposal of the D.V.S. will be accepted. If so the re-
venue, P.W.D. and
Finance Dept may be invited

(There is no indication in the file that

The proposal is to open a sheep farm in the Ceded Districts Finance (E.II).
The scheme has been approved by the P.L.I. Board at its meeting
held on 6-6-1944. The details of the scheme are given on pages
2-3 C.F. The cost is estimated at Rs. 1,18,500 non-recurring
including cost of land and Rs. 8,782 recurring as shown below:-

Non-Recurring.		Rs.
Cost of land	...	73,400
" Livestock	...	14,525
Buildings	...	24,500
Other items of expenditure ..	...	6,075
		<u>1,18,500</u>

15x2 10x2
30x2 20x2
360 200

From the second year onwards the scheme is expected to
fetch Rs. 3,000 in addition to receipts from wool which will
be on the increase year by year due to increase of stock.

The following remarks are called for:-
Staff. The shepherds and ploughmen may be paid at the

2 of

L

prevailing market rates subject to a maximum of Rs.12 and Rs.15 respectively plus dearness allowance ~~which should be paid separately~~. If the scheme is approved the staff may be sanctioned for a period of one year in the first instance and the D.V.S. may be asked to send a report at the end of ^{the} one year as to the working of the scheme. *The other items of expenditure do not call for any special remarks*

3. Debit. The expenditure may be debited to 41-f. Veterinary - Breeding operations - ~~C. 2. Sheep Breeding scheme~~ *Live stock improvement* under a separate sub head - "Sheep farm in Ceded districts and the receipts may be credited to XXX b. Veterinary - Other receipts - Livestock Section receipts. *The expenditure on buildings will be debitable to 50. Cont works.*

4. Under para 50 of the Madras Budget Manual the scheme should ordinarily be brought forward as a Part II Scheme for 1945-6. In doing so Development may consider whether the scheme is "essential" with reference to ^{para 5 (iv) of} G.O. 115, Finance, dated 5-7-1943.

If, however, it is considered that the scheme is urgent and ~~it~~ ^{will have to} should be introduced in the current year itself the proposal ~~may~~ ^{be treated as a 'New service' as it involves a large amount of} ~~expenditure~~ ^{on page 15 of the New Service pamphlet.} Development should obtain orders in full circulation and also the authorisation of H.E. for a supplementary statement of expenditure in due course. As the non-recurring expenditure exceeds the limit of Rs.1,00,000 the prior sanction of the Governor-General is necessary under ~~Section 93~~ ^{the} situation. The prior sanction cannot. it seems, be presumed in this case as ~~the scheme is~~ ^{sheep breeding only} a normal activity of the Department and not directly connected with the war.

The object of the Scheme has not been explained at pages 2 to 3 of But I understand from Secy. Dep. that it is as follows - The Bikaner breed of sheep is a woolly type which it desirable to introduce in the sheep rearing of this Province. Experiments in the past show that Bikaner rams introduced into local flocks soon die off, but they do a little better if they are bred locally instead of being brought from Bikaner. It is credited that a suitable hybrid ~~can be evolved~~, which will do even better and will withstand the local conditions while retaining & transmitting the woolly characteristic. For this purpose a sheep farm is necessary, and it will serve as an experimental farm where the hybrid can be evolved, and also a store farm for

To US The reply from the C.C.F. on p. 13 CF to the memo
on p. 8 CF may be perused with reference to C Seccha
note at 'D' on pp 1-2 above. The C.C.F. states that
the reserved forest could be made available for the
scheme by about 1-5-45. As Finance have agreed
to the introduction of the scheme in the current year,
the D.V.S. may perhaps be asked to state whether it
will be enough if the land is made available from that
date. Subject to orders a draft memo to the D.V.S. is
submitted for approval.

K. S. S. S.

2 The resolution of the Board of Revenue on p. 15 CF
is submitted for perusal with reference to Revenue Dept
notes at 'A' on p. 2. above. The Bd. has reported that the
land referred to is not included in any land colonisation
scheme for ex-soldiers and can be made available for the
scheme.

3 Para 1 of the D.V.S.'s letter on p. 17 CF and the
Director's letter on p. 19 CF may be perused with reference
to P.W. Dept notes on pp 2-3 above. The D.V.S. has since
consulted the Ex. Engineer, Bellary and reports that
the Ex. Engr has estimated the cost of the buildings
proposed for the scheme at about Rs 38000/-. The D.V.S.
has also forwarded the tracing plan and the estimates
prepared by the Ex. Engr. The cost of the buildings
proposed for the scheme has now been enhanced by Rs 11496

p. 19 CF.

Kept below

37996
26500

on account of the revised estimates prepared by the Ex. Eng. and the total Non-recurring cost of the Scheme has also been enhanced by the same amount

1.2 CF The total cost of the scheme now works to Rs 1,29,996 non-recurring and Rs 8,788 recurring. It is for orders whether the revised cost of the scheme will be accepted.

4 Para 2 of the D.V.S.'s letter on p. 17 CF may be perused with reference to Finance note at 'L' on p. 5 above.

It is for orders whether in the circumstances stated by

the D.V.S.; his proposal to acquire the land ^{instead of} ~~and to lease~~ it, will be accepted. It is also for orders whether the Director

estimate of the cost of the land based on local enquiry by the L.D.O. will be accepted for the present.

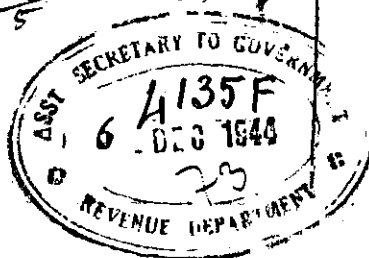

5 Para 3 of the Director's letter on p. 18 CF may be perused with reference to Finance note in Para 3 on p. 4 above. The suggestion of Finance at 'N' and 'P' on p. 4 above may be accepted.

6 After orders are passed and after the memo to D.V.S. referred to ^{at 'K'} ~~is forwarded~~ on p. 6 above is issued the file may be sent again to Revenue, P.W.D and Finance for further remarks.

24.2.45

The D.V.S.'s view may be accepted under the circumstances explained

S
24/2/45
in (Temp B)

(Fin. last noted on p. 9 ante)

The suggestion of the Dy. Secy. at B on p. 9 above was put to the Dir. of Vety. Services in the memo: on pp. 22-23 c-f. He generally replied that he had no objection to that suggestion - para. 2 on p. 28 c-f. He was asked to furnish a further report in consultation with the Collector of Bellary in the memo. on p. 29 c-f. For the reasons contained in the Livestock Devt. Officer's letter on pp. 31-32 c-f., he ^{now} considers that the entire extent of 367 acres may advantageously be acquired instead of only the plots required for the buildings proper. ~~The~~ ^{dept.} Devt. agree with the Dir.'s view above. The estimated cost of land to be acquired is Rs. 73,400 on the basis of an average price of Rs. 200 per acre.

For orders whether this dept. may agree to the acquisition of the entire extent of 367 acres.

3. This dept. has agreed to the scheme as summarised in Dev. note on p. 1 above.

It should normally be treated as a Part II scheme for 1946-47. If the scheme is considered so urgent as to justify its introduction in the course of 1945-46, the procedure mentioned in para. 4 on p. 4 above will have to be followed.

p. 11 above

From p. 2

K. 31.4

K' at pp 4-5 above District. The Object of the scheme is to evolve, out of
 Bikanir stock, a suitable hybrid which will
 withstand the local conditions, while retaining
 and transmitting the woolly characteristics of
 the Bikanir breed, which when introduced into the
 local flock, soon die off. The details of the scheme
 are at pp 2-3 C.F. The scheme provides for the
 purchase of Bikanir and Bellary ewes and rams
 construction of the necessary buildings for the
 farm, ~~and~~ the employment of necessary staff
 for running the farm and the purchase of necessary
 equipment etc. About 367 acres of patta or private
 land is also proposed to be acquired for the farm
 besides utilising 34.86 acres of govt forest area
 & 8.71 acres of Govt assessed waste & vanua
 waste. The cost of the scheme is estimated
 at Rs 1,29,996 non-recurring and Rs 8782
 recurring per annum. The receipts from the
 scheme by sale of lambs and wool are estimated
 at Rs 3162-8-0 per annum initially and this
 is expected to increase year by year on account
 of the increase in the production of wool. The
 scheme was approved by the Provincial Livestock
 Improvement Board at its meeting held on 6.6.44.
 This Dept supported the proposals.
 Revenue, P.W.D. and Finance have also agreed
 to the scheme. Finance have suggested that
 this Dept should consider whether the scheme is
 essential with reference to para 5(10) of G.O.
 no 115 Finance dated 5.7.43. They have also
 stated that orders in full circulation should be
 obtained and that as the non-recurring ex-
 penditure exceeds the limit of Rs 10000, the
 prior sanction of the Governor General is
 necessary under the Section 93 situation.

B

The first paragraph of the draft Memo. is based on the Finance Deputy Secretary's note. That note although recorded after discussion with me does not I think represent the intentions of the scheme correctly. As casualties amongst imported Bikanir rams are heavy it is proposed to rear Bikanir rams locally. Locally bred rams can withstand the local conditions better than imported ones. It is also the intention to have a herd of pure bred Bellary/sheep. I have asked the D.V.S. to make the position clear.
